Population_Developed

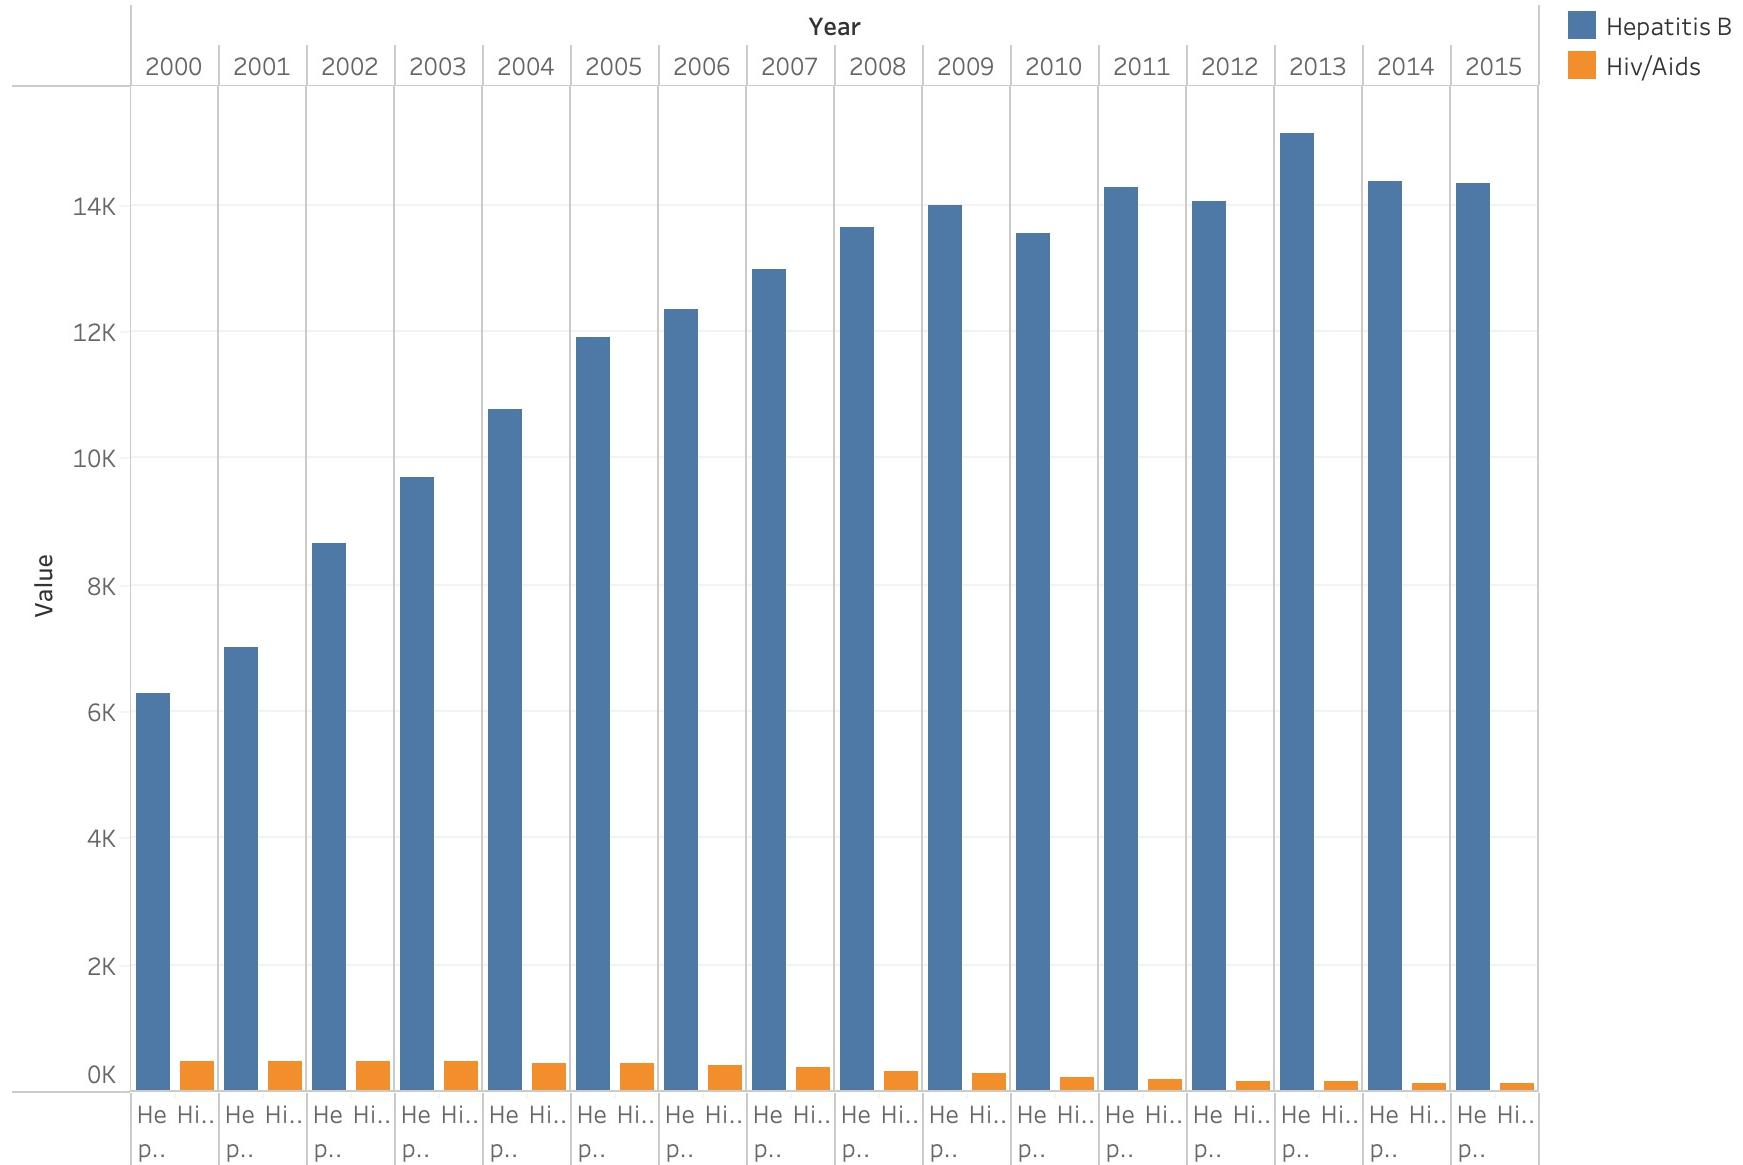

Sum of Population for each Country. Color shows details about Status. The view is filtered on Status, sum of Population and Country. The Status filter keeps Developed. The sum of Population filter ranges from 1,558,145 to 620,117,559. The Country filter keeps 193 of 193 members.

Population_Developing

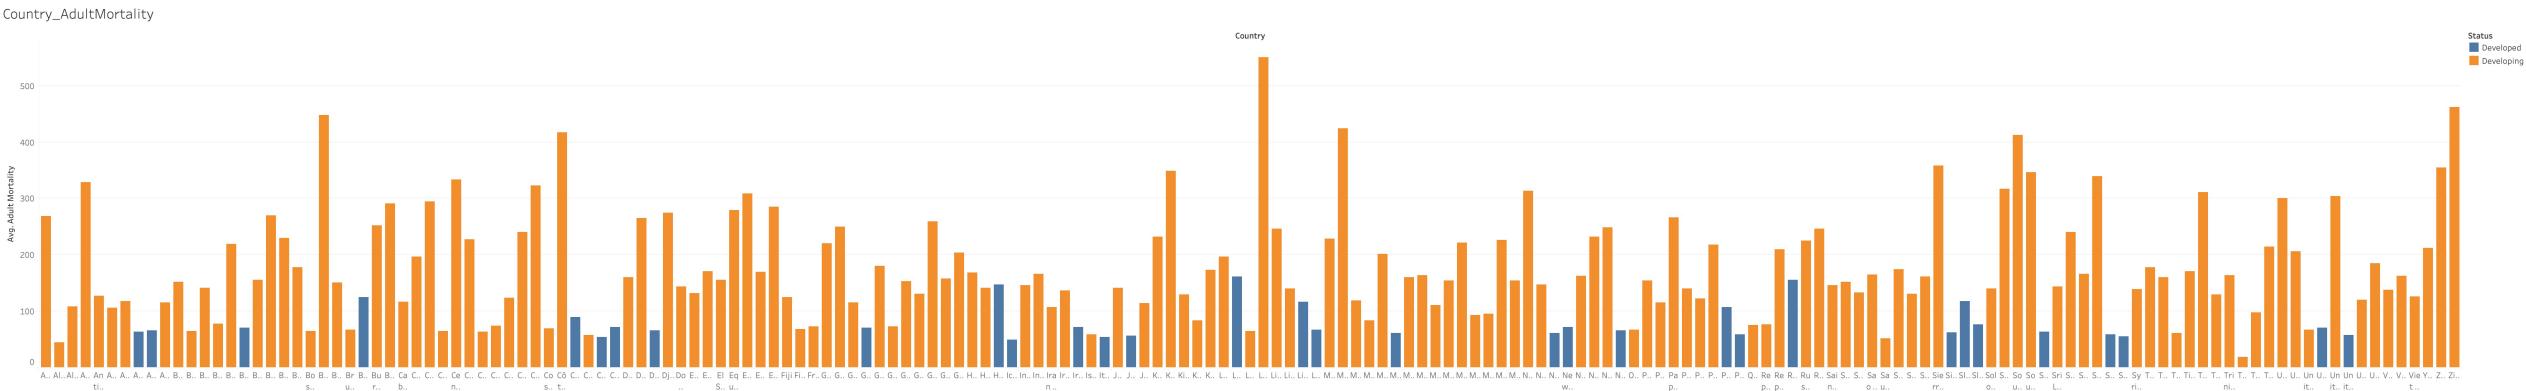

Sum of Population for each Country. Color shows details about Status. The view is filtered on Status, sum of Population and Country. The Status filter keeps Developing. The sum of Population filter ranges from 292 to 6,743,483,055. The Country filter keeps 193 of 193 members.

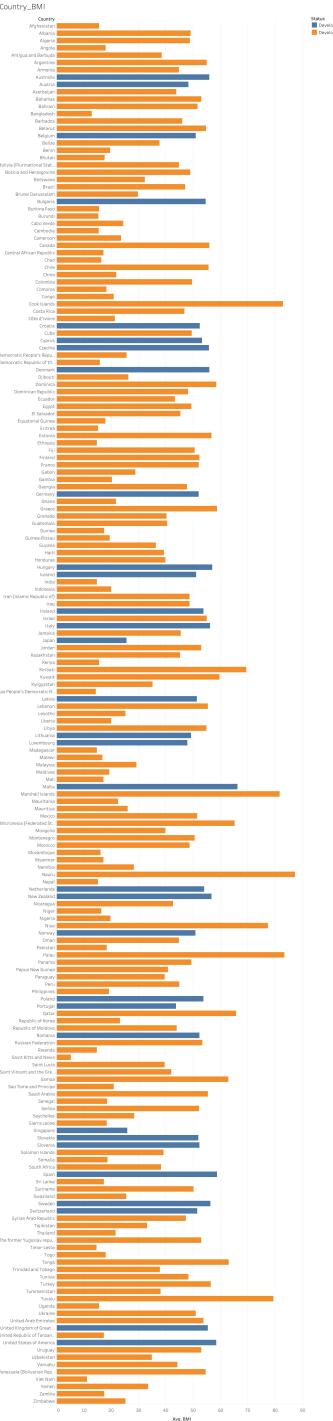

Year_HepB_HIV

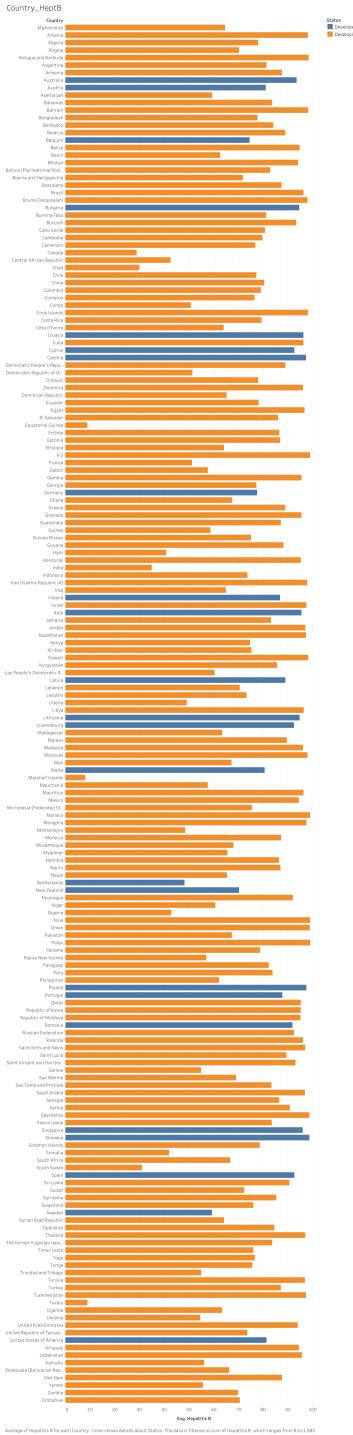

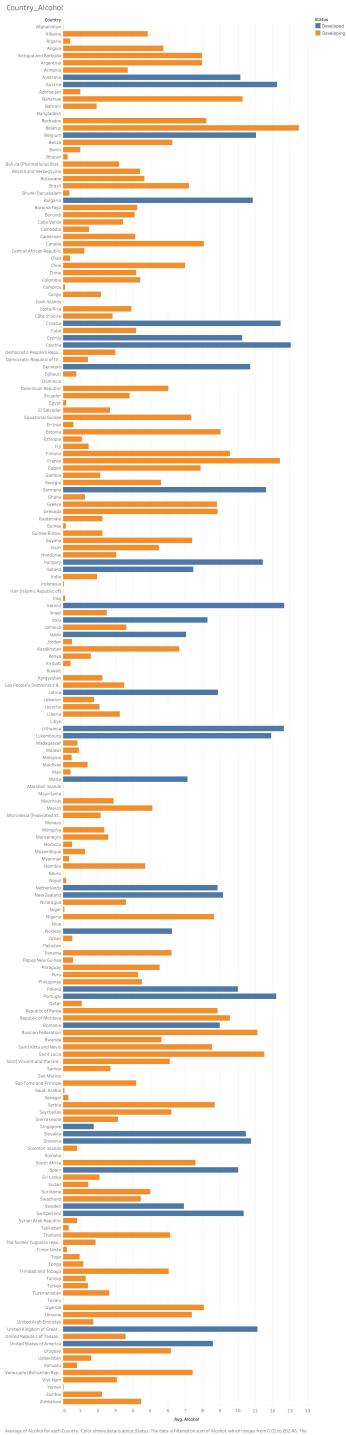

Hepatitis B and Hiv/Aids for each Year. Color shows details about Hepatitis B and Hiv/Aids. The data is filtered on Year and Country. The Year filter ranges from 2000 to 2015. The Country filter keeps 193 of 193 members. The view is filtered on sum of Hepatitis B and sum of Hiv/Aids. The sum of Hepatitis B filter ranges from 6,293 to 15,133. The sum of Hiv/Aids filter keeps all values.

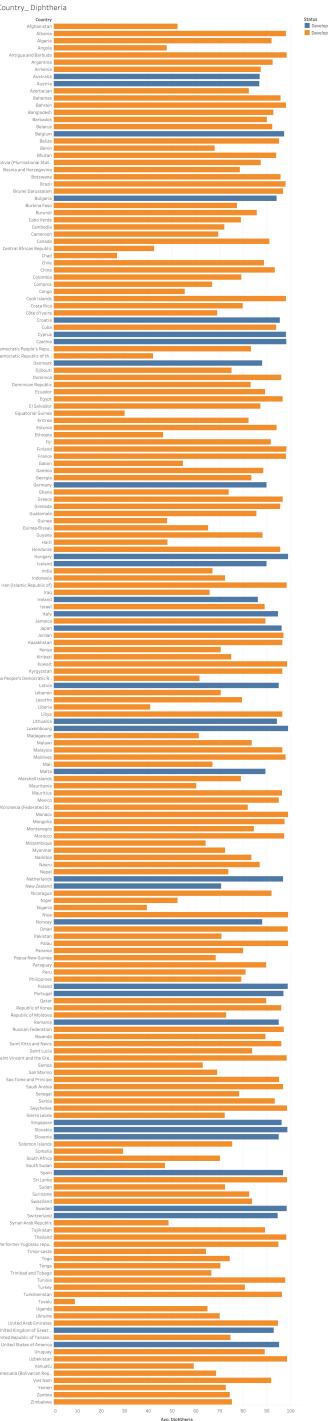

Average of Adult Mortality for each Country. Color shows details about Status. Details are shown for Country. The view is filtered on average of Adult Mortality and Country. The average of Adult Mortality filter ranges from 18.8 to 550.1. The Country filter keeps 193 of 193 member countries.

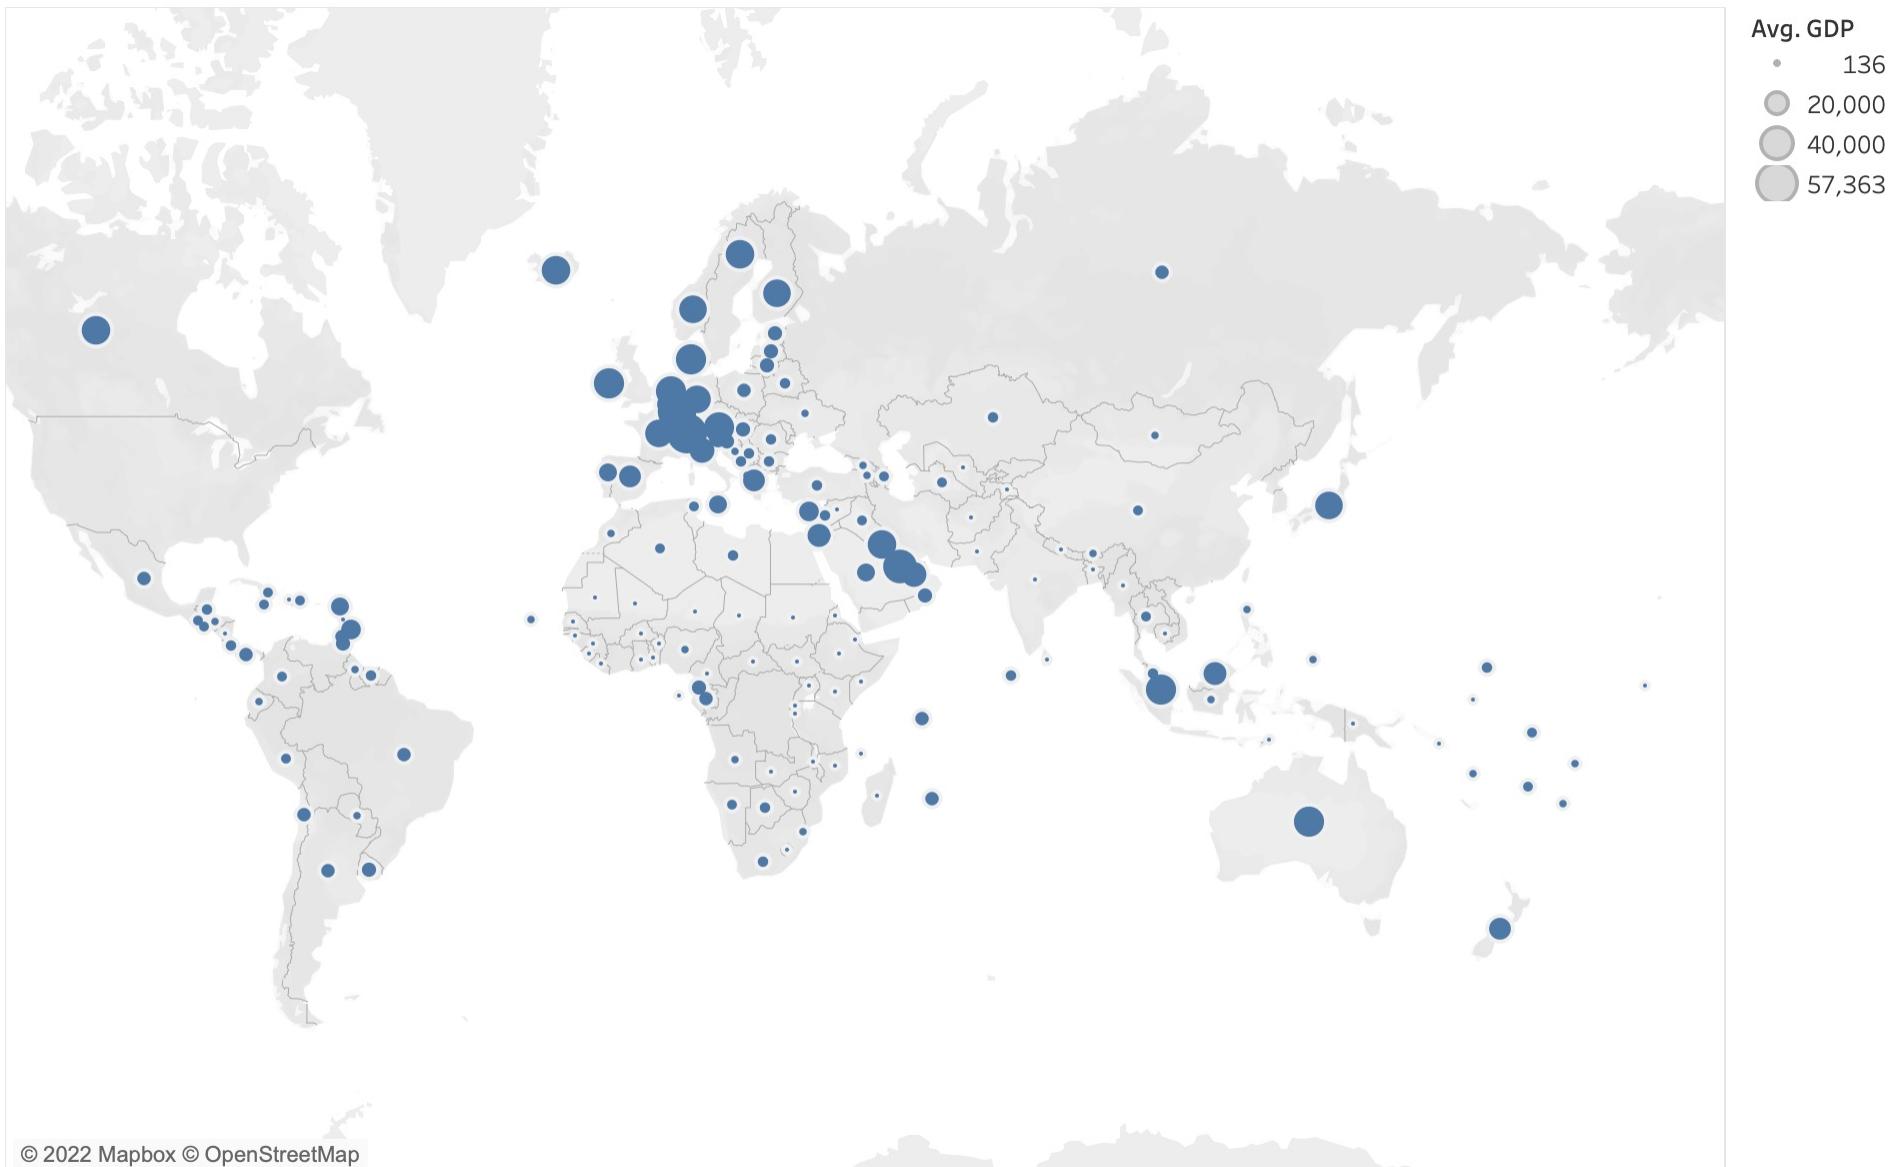

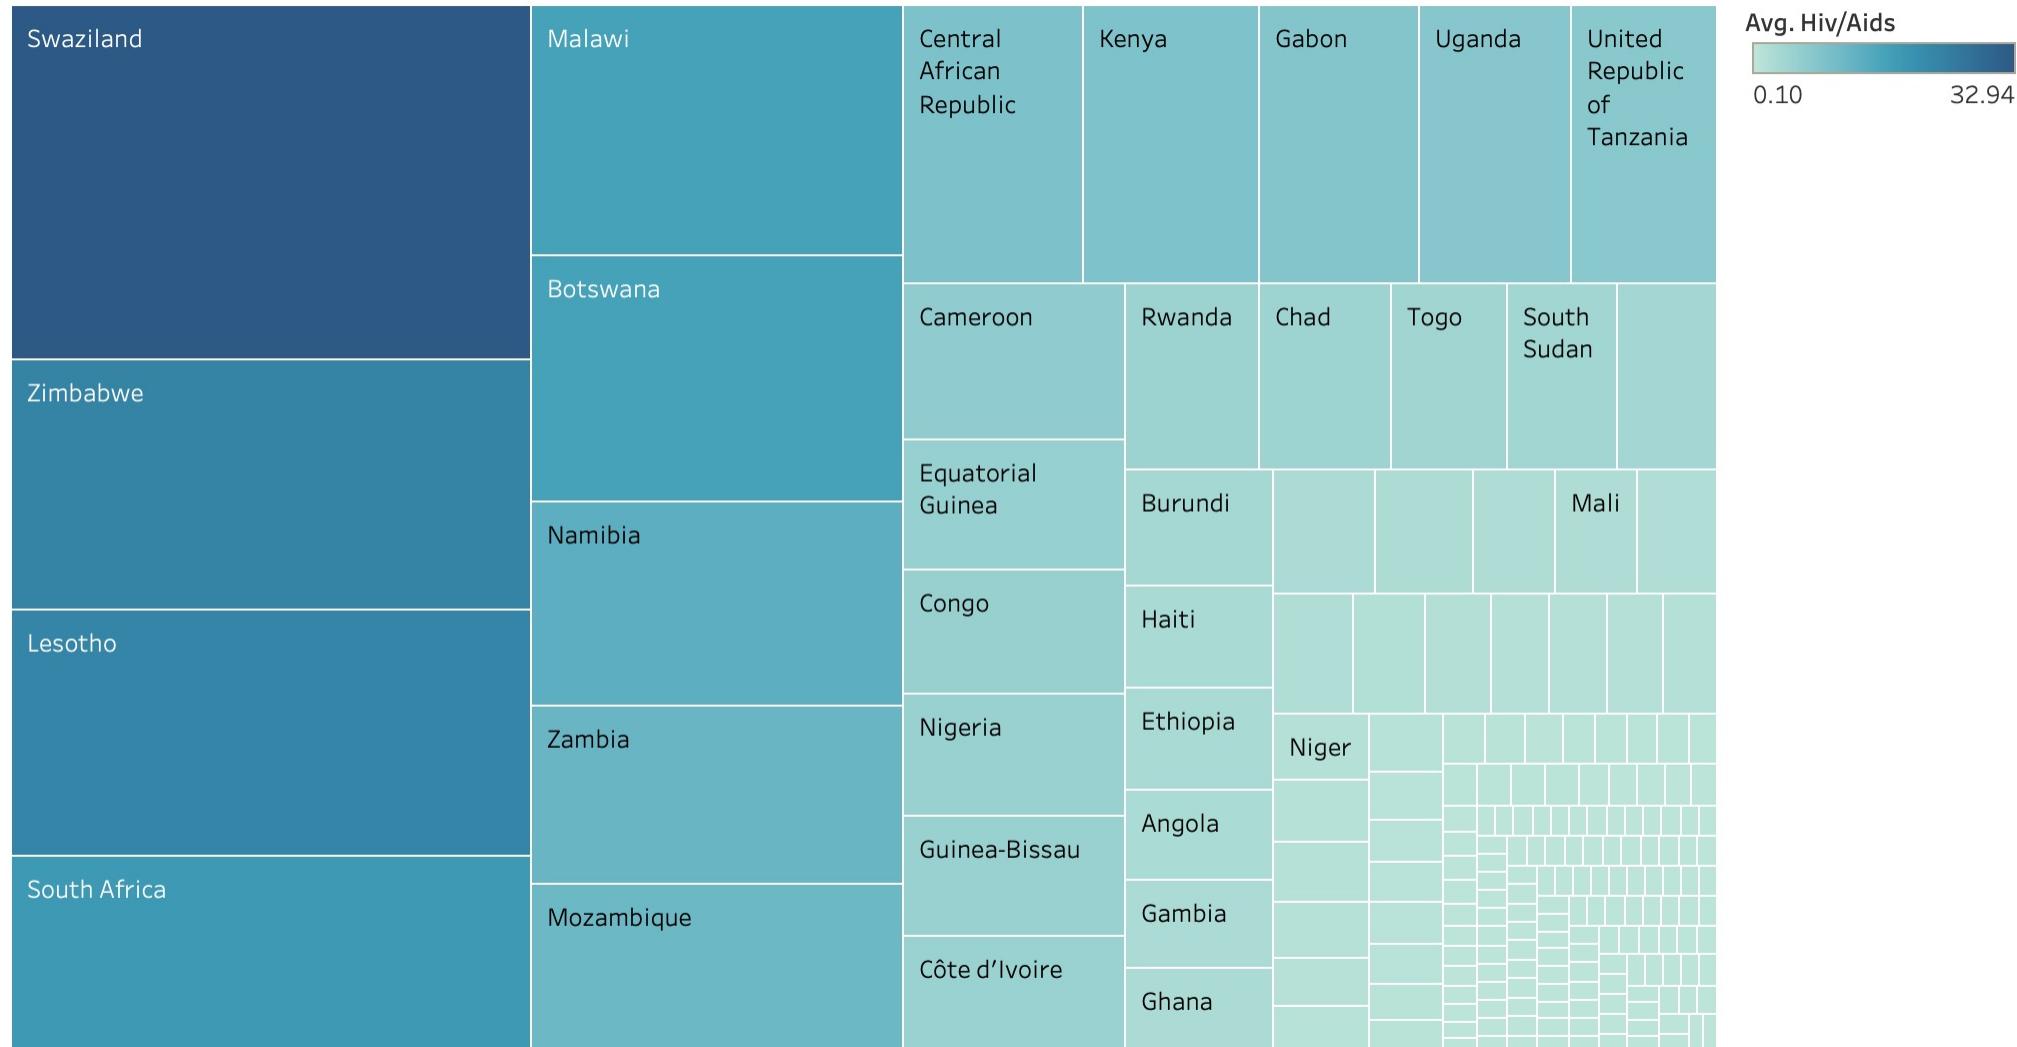

Country_GDP

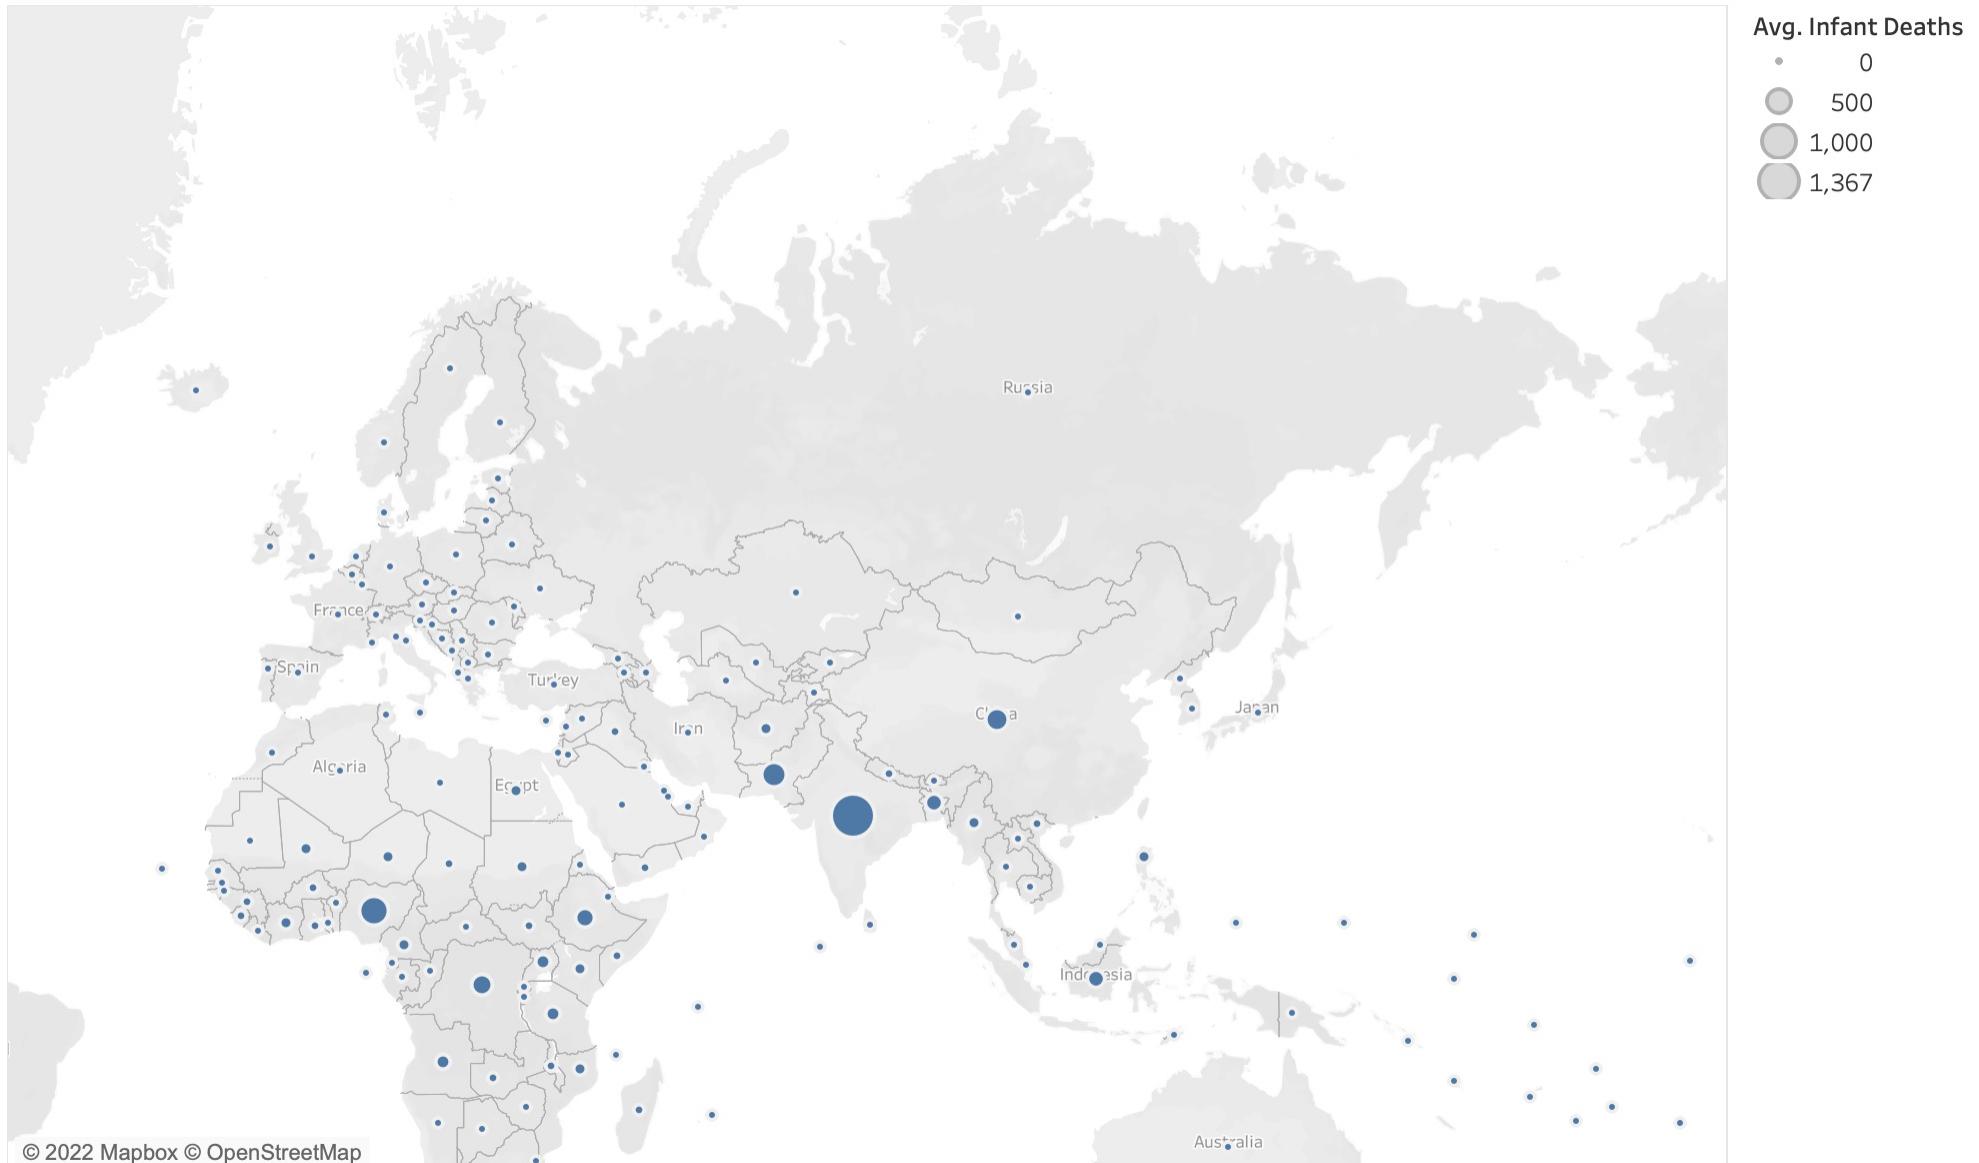

Map based on Longitude (generated) and Latitude (generated). Size shows average of GDP. Details are shown for Country. The view is filtered on average of GDP and Country. The average of GDP filter ranges from 136 to 57,363. The Country filter keeps 193 of 193 members.

Country_HIV

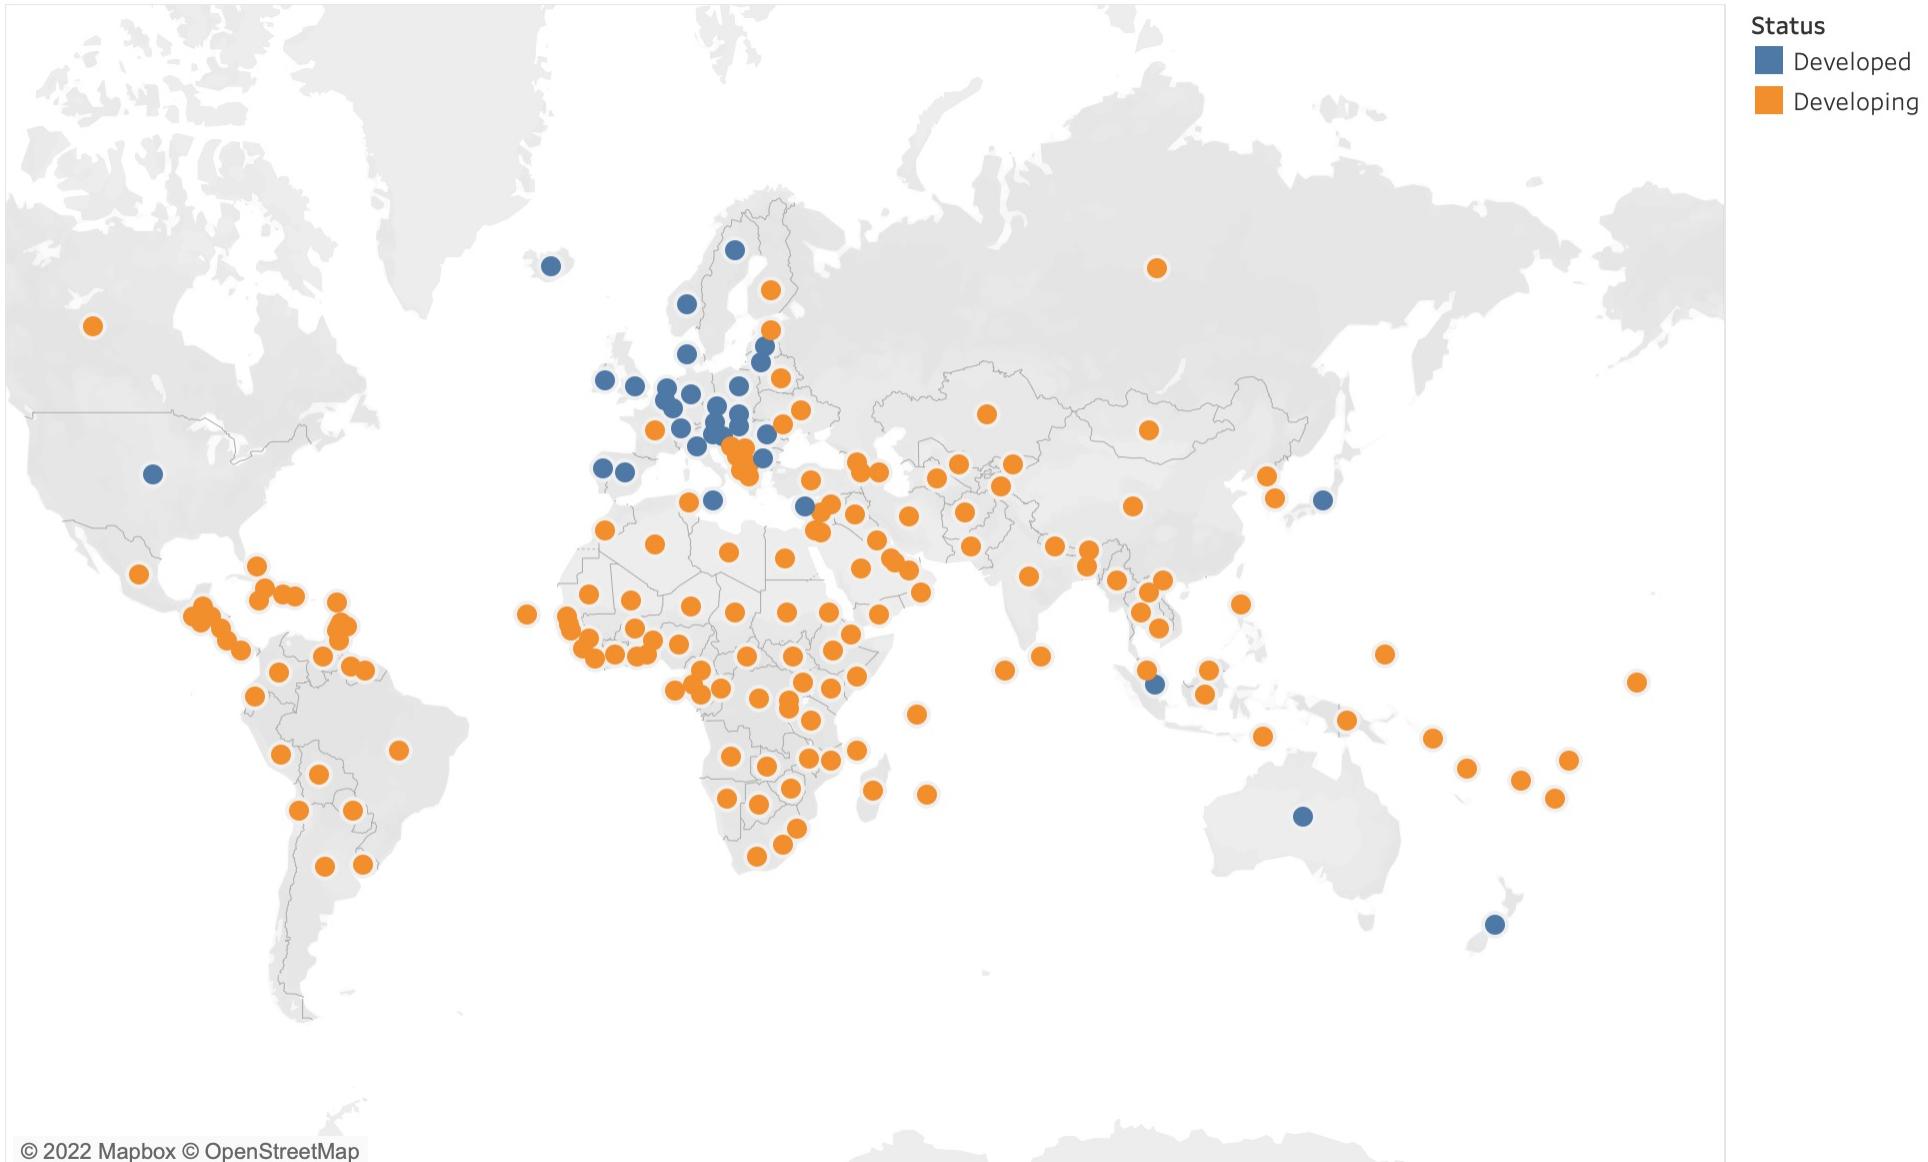

Country. Color shows average of Hiv/Aids. Size shows average of Hiv/Aids. The marks are labeled by Country. The data is filtered on sum of Hiv/Aids, which ranges from 0.1 to 527.1. The view is filtered on Country, which keeps 193 of 193 members.

Country_InfantDeaths

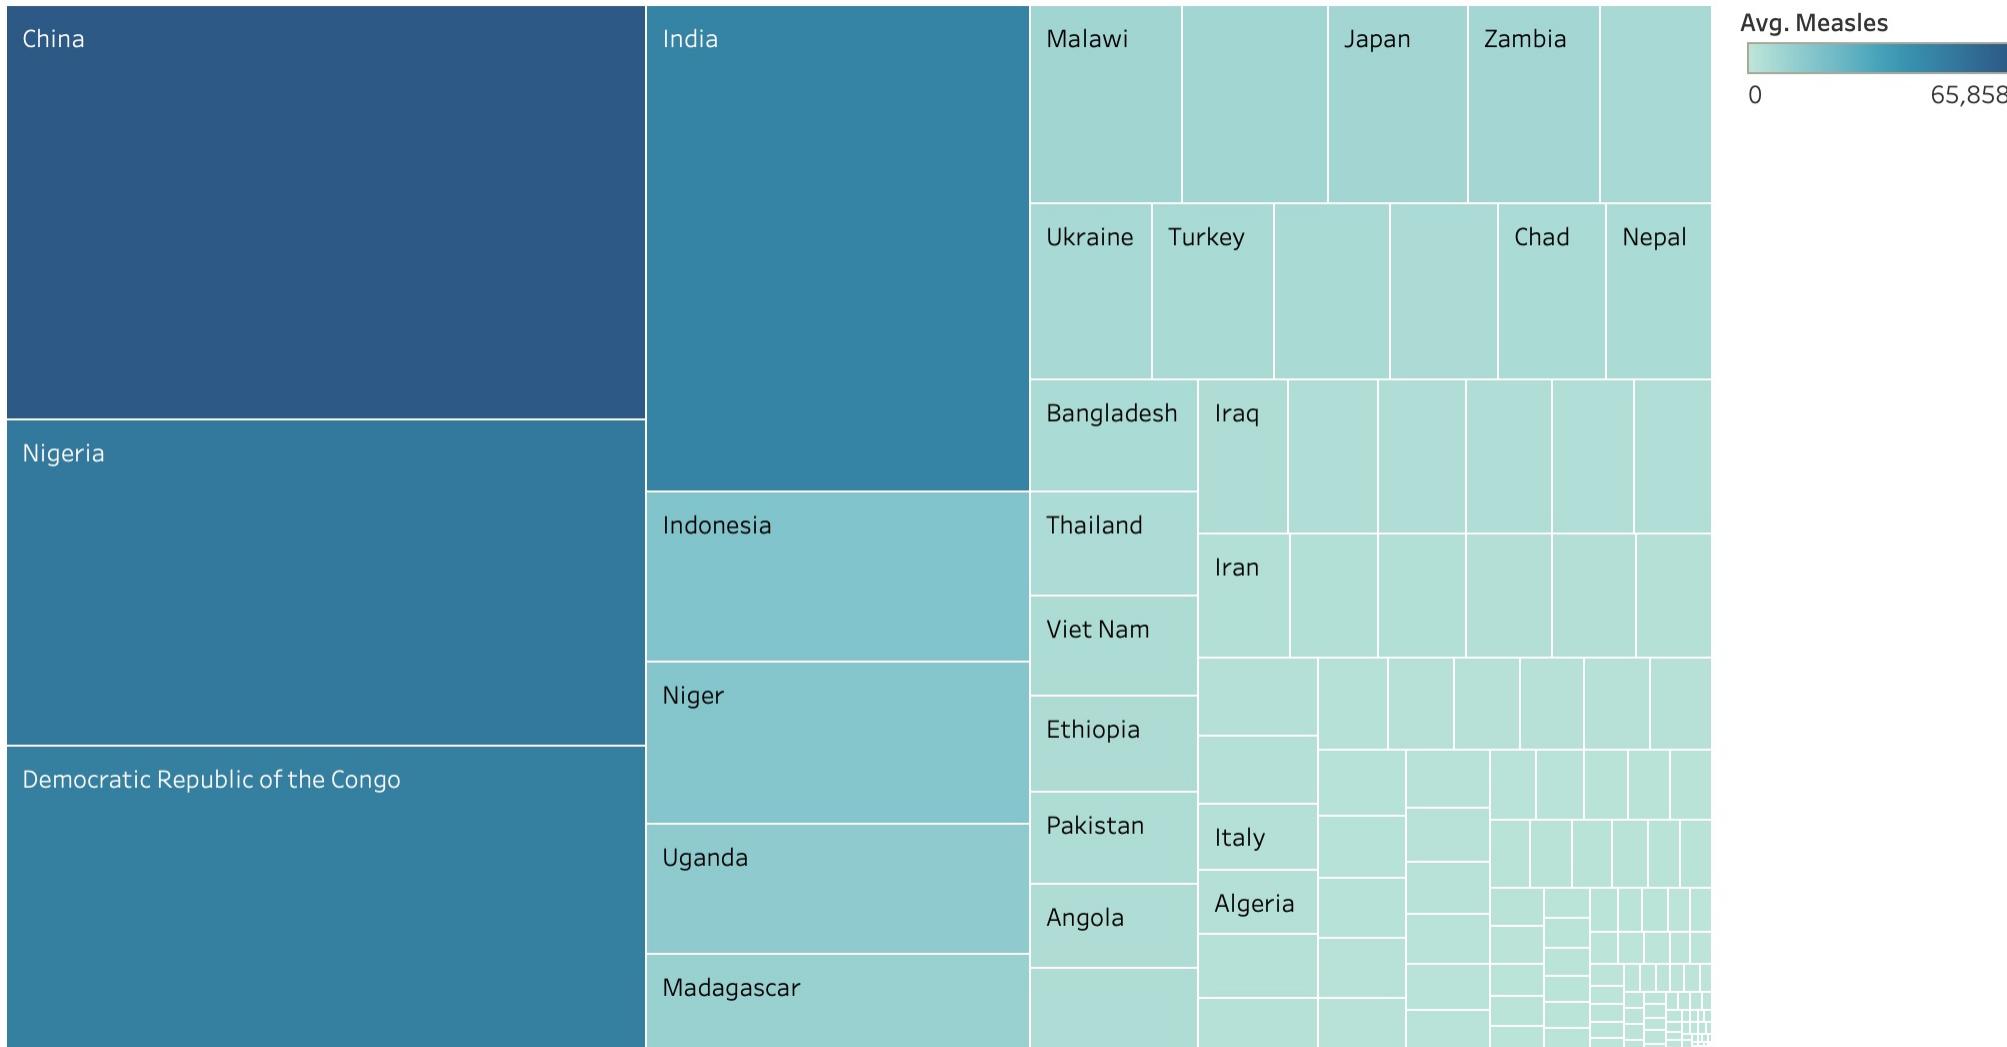

Country_LifeExpect

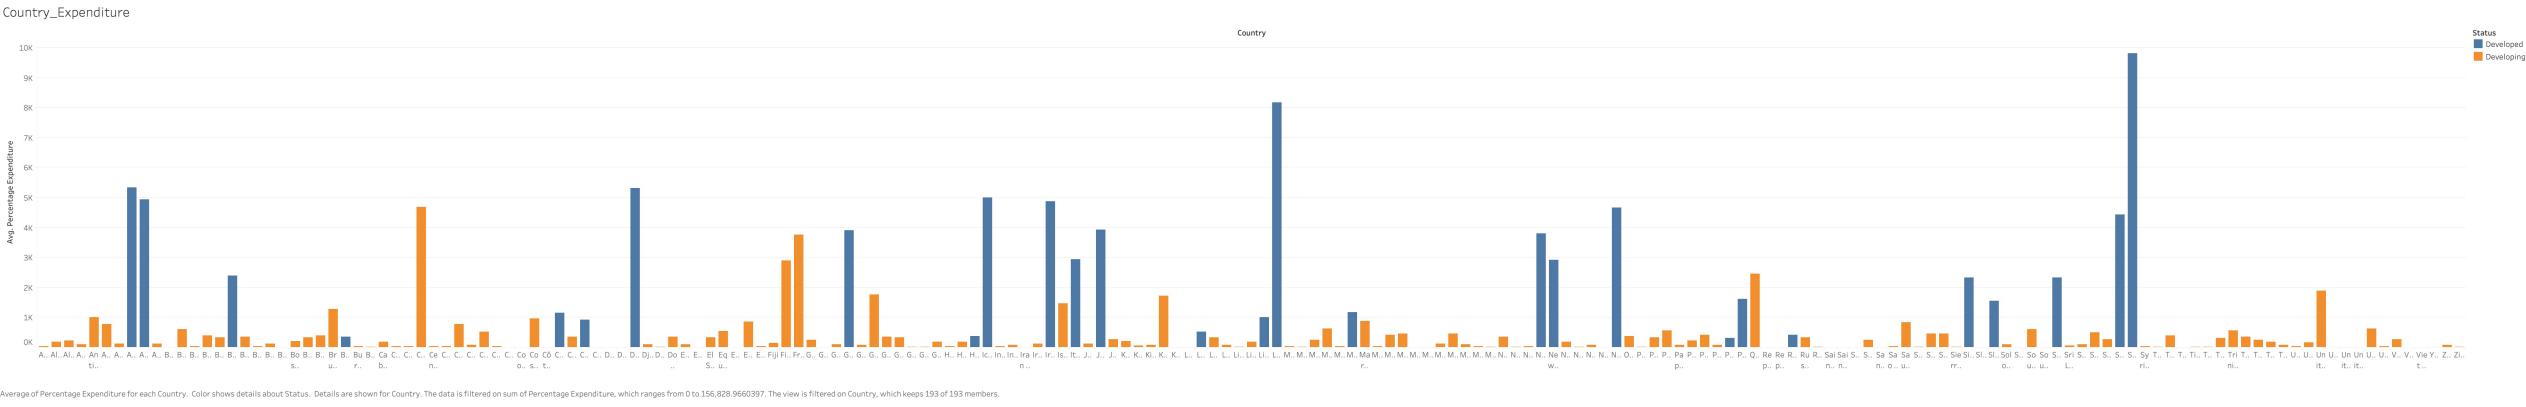

Map based on Longitude (generated) and Latitude (generated). Color shows details about Status. Details are shown for Country. The data is filtered on sum of Life expectancy, which ranges from 737.8 to 1,320.6. The view is filtered on Country, which keeps 193 of 193 members.

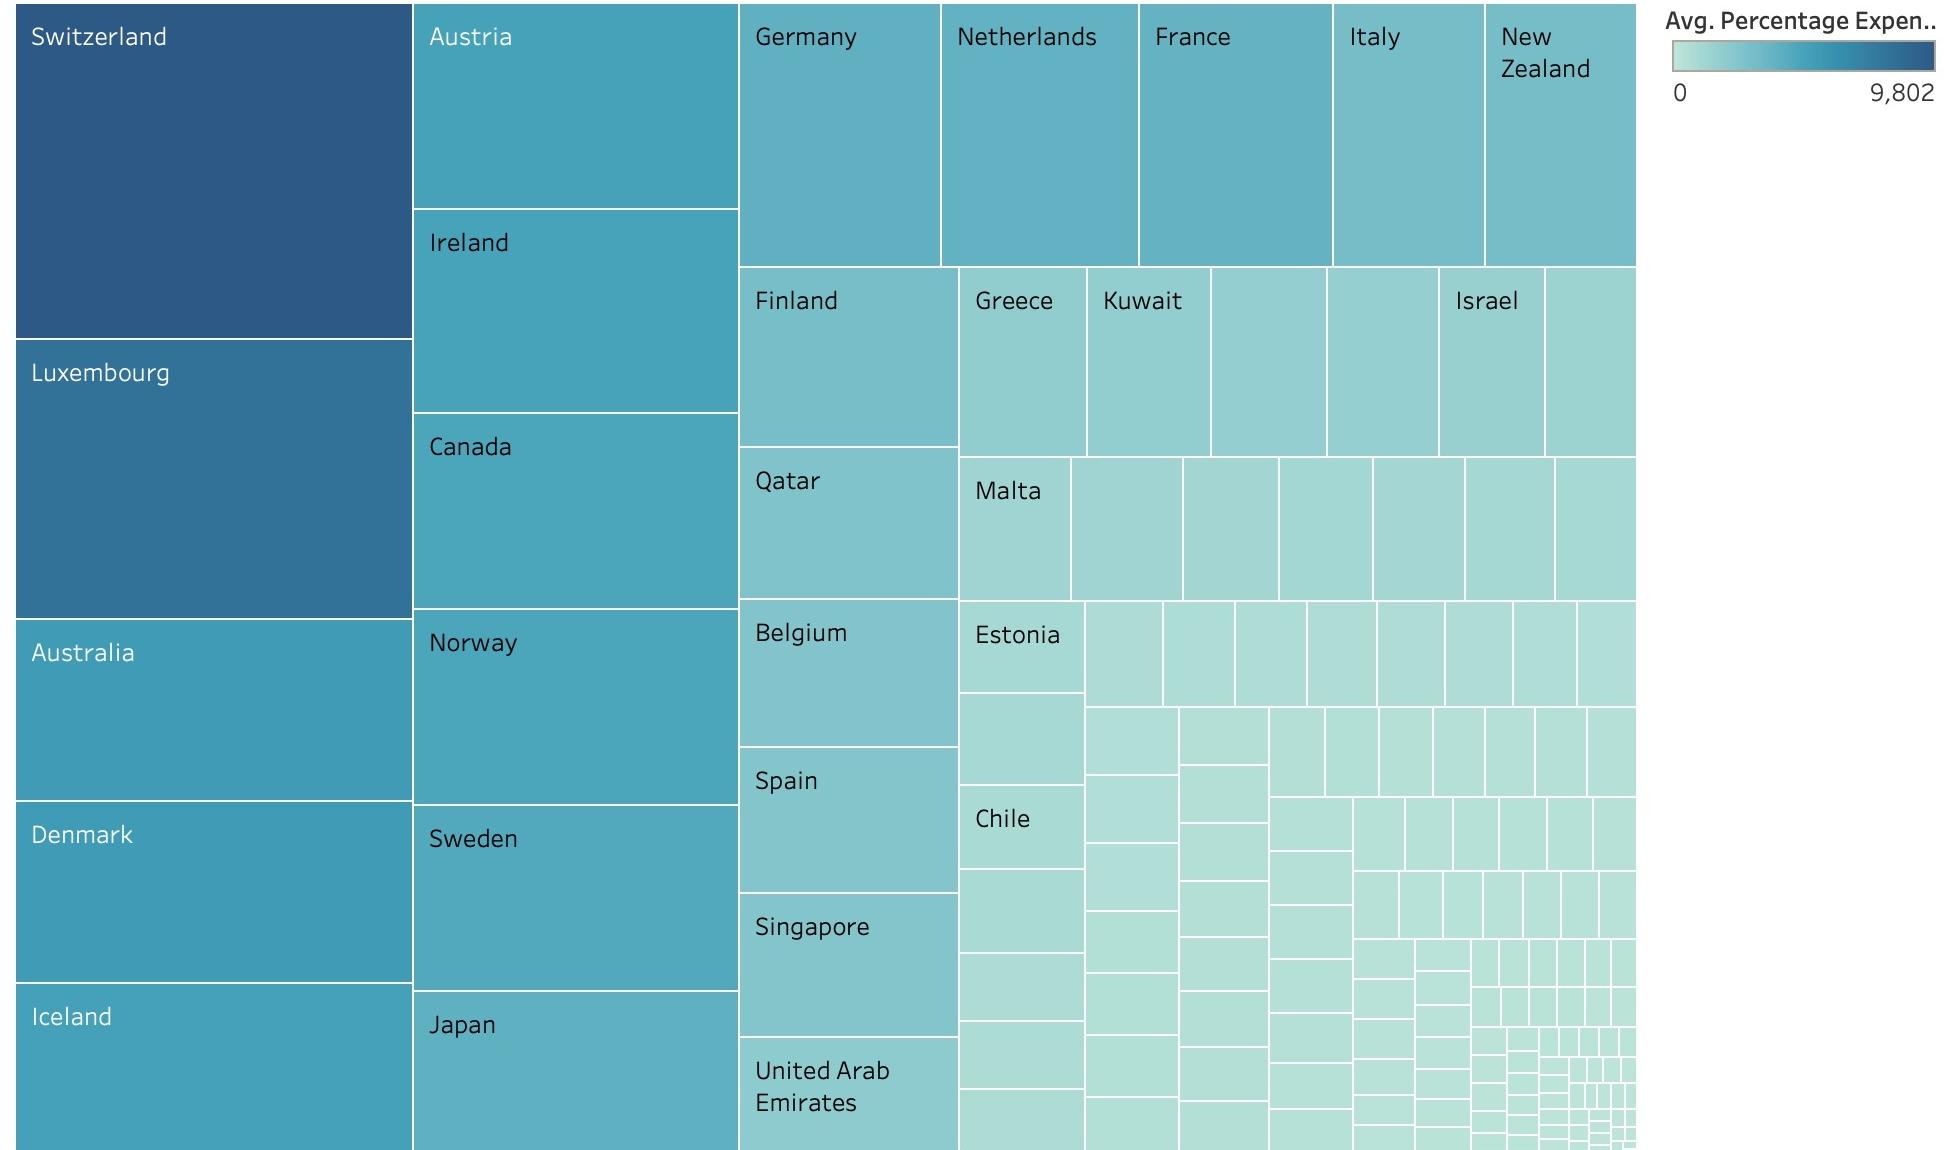

Country_Measels

Country. Color shows average of Measles. Size shows average of Measles. The marks are labeled by Country. The data is filtered on sum of Measles, which ranges from 0 to 1,053,727. The view is filtered on Country, which keeps 193 of 193 members.

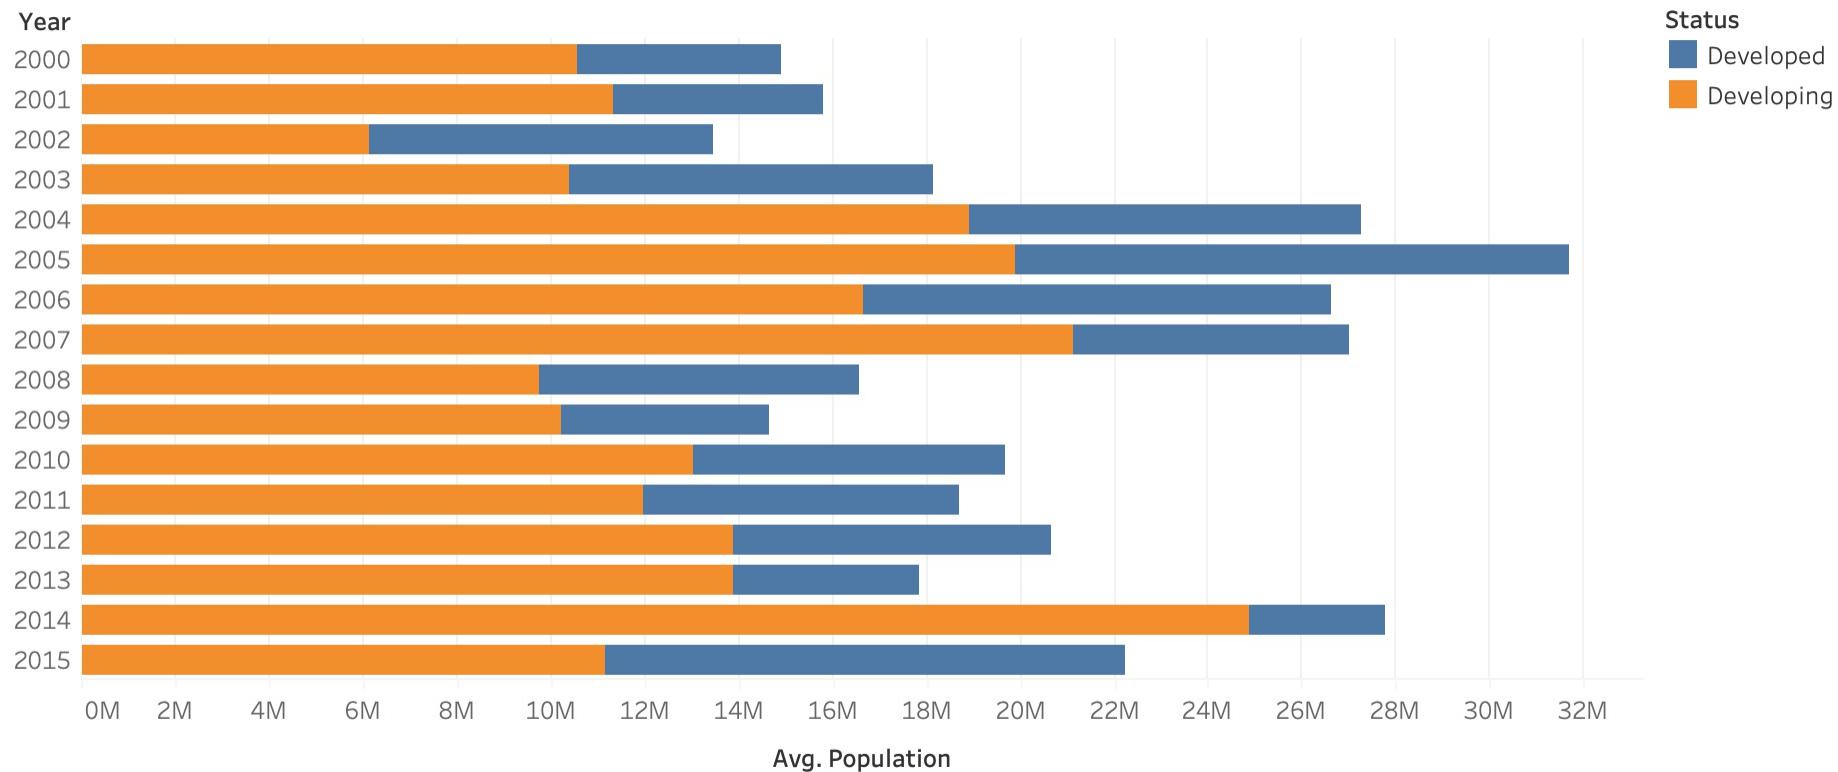

Country_Polio

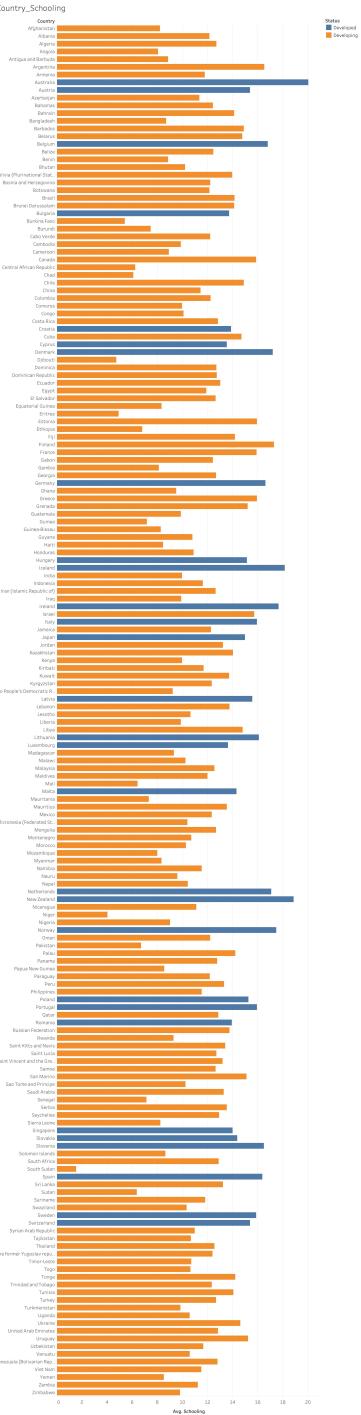

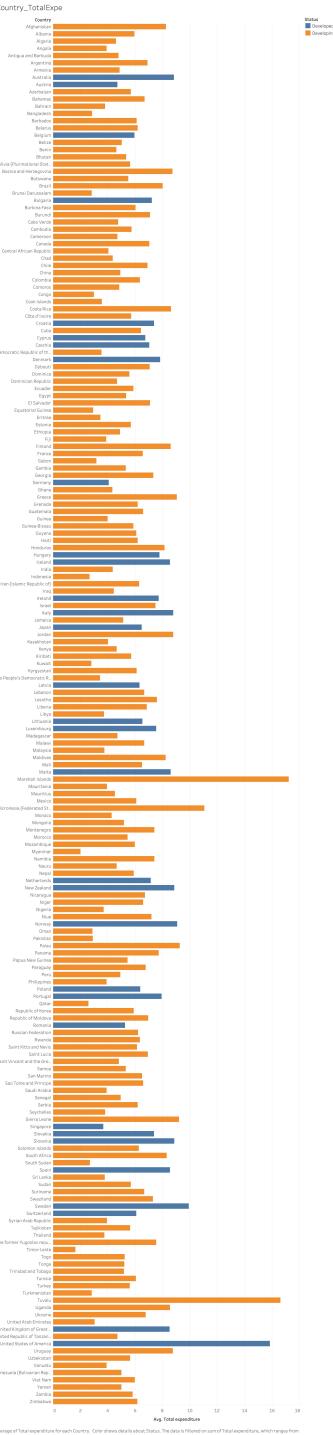

Country. Color shows average of Percentage Expenditure. Size shows average of Percentage Expenditure. The marks are labeled by Country. The data is filtered on sum of Percentage Expenditure, which ranges from 0 to 156,828.9660397. The view is filtered on Country, which keeps 193 of 193 members.

Country_Population

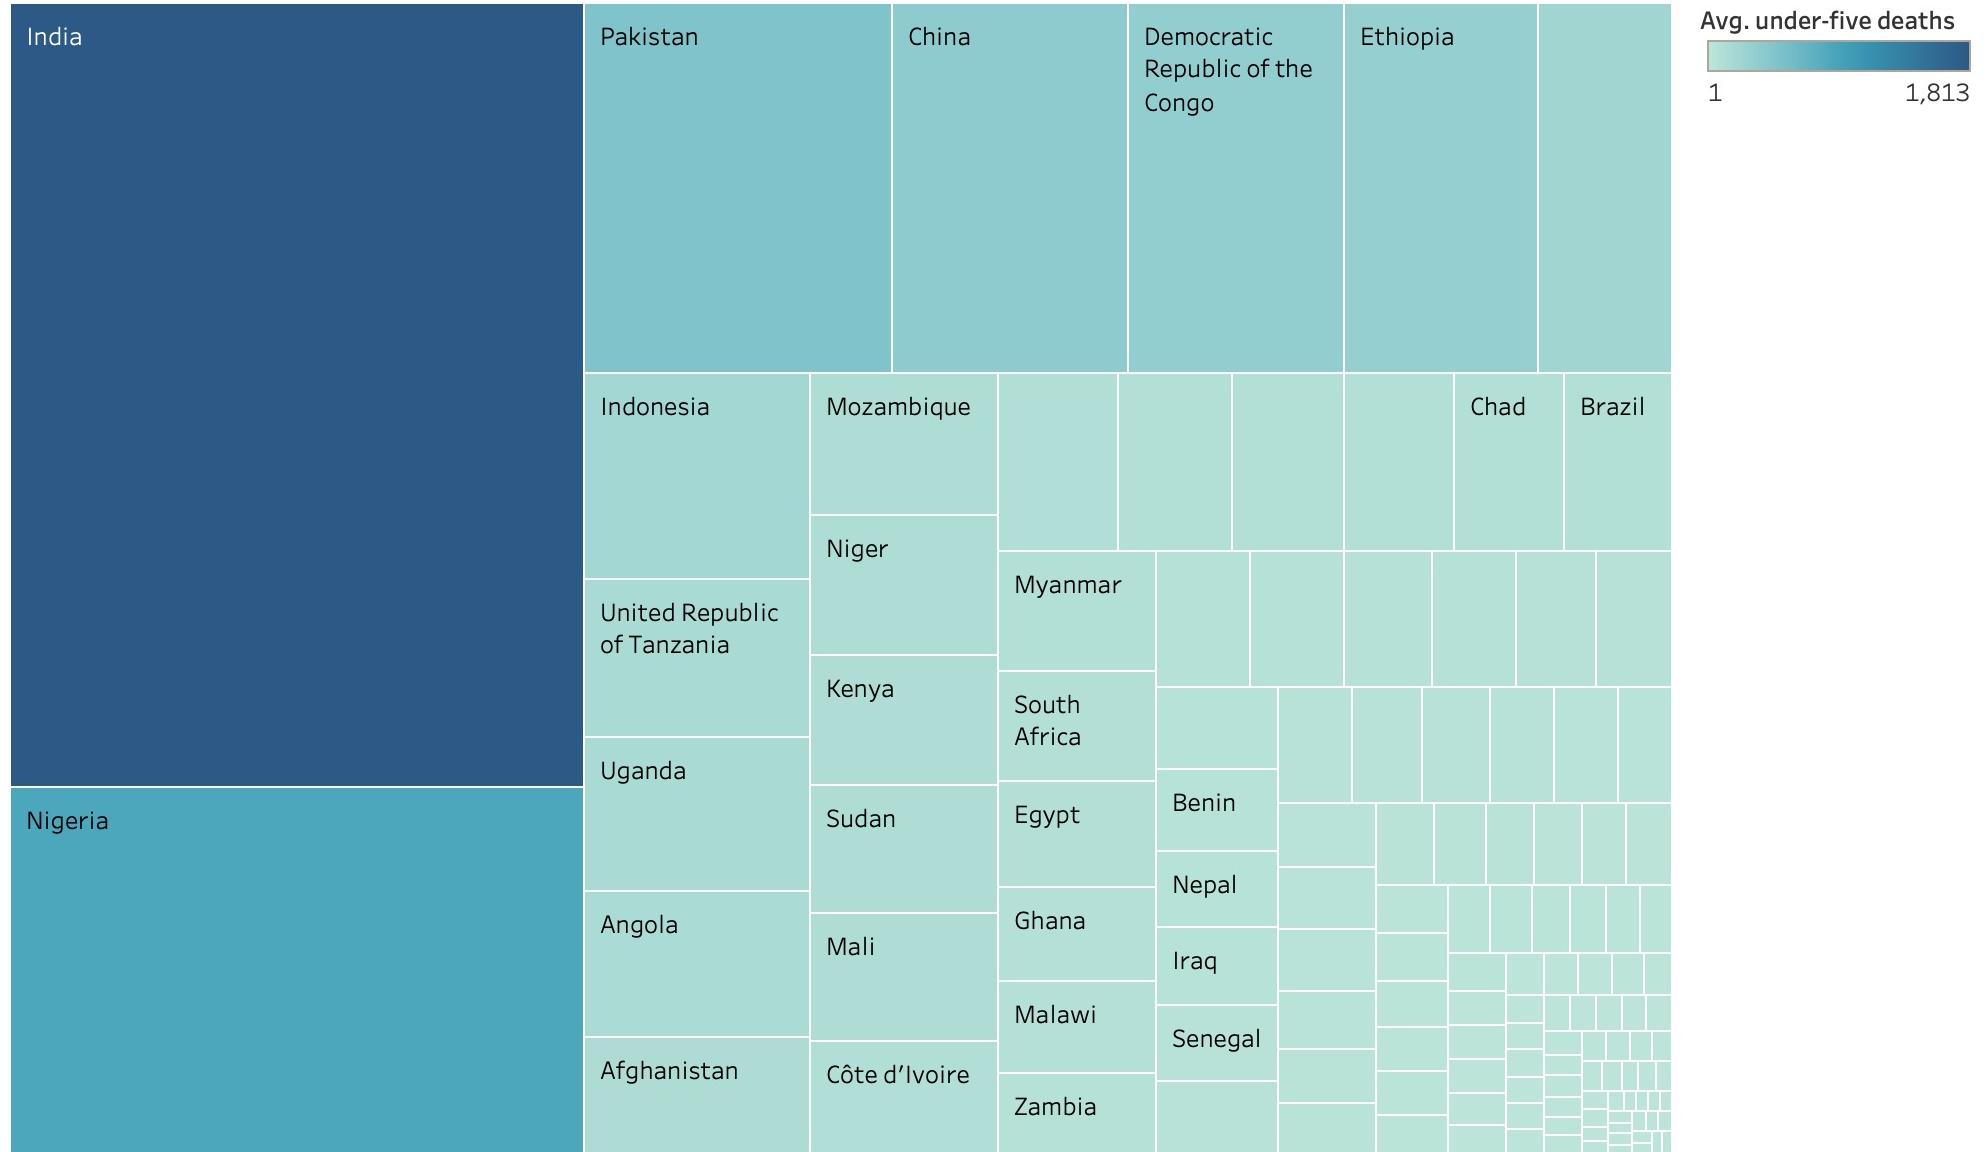

Average of Population for each Year. Color shows details about Status. The data is filtered on Country, which keeps 193 of 193 members.

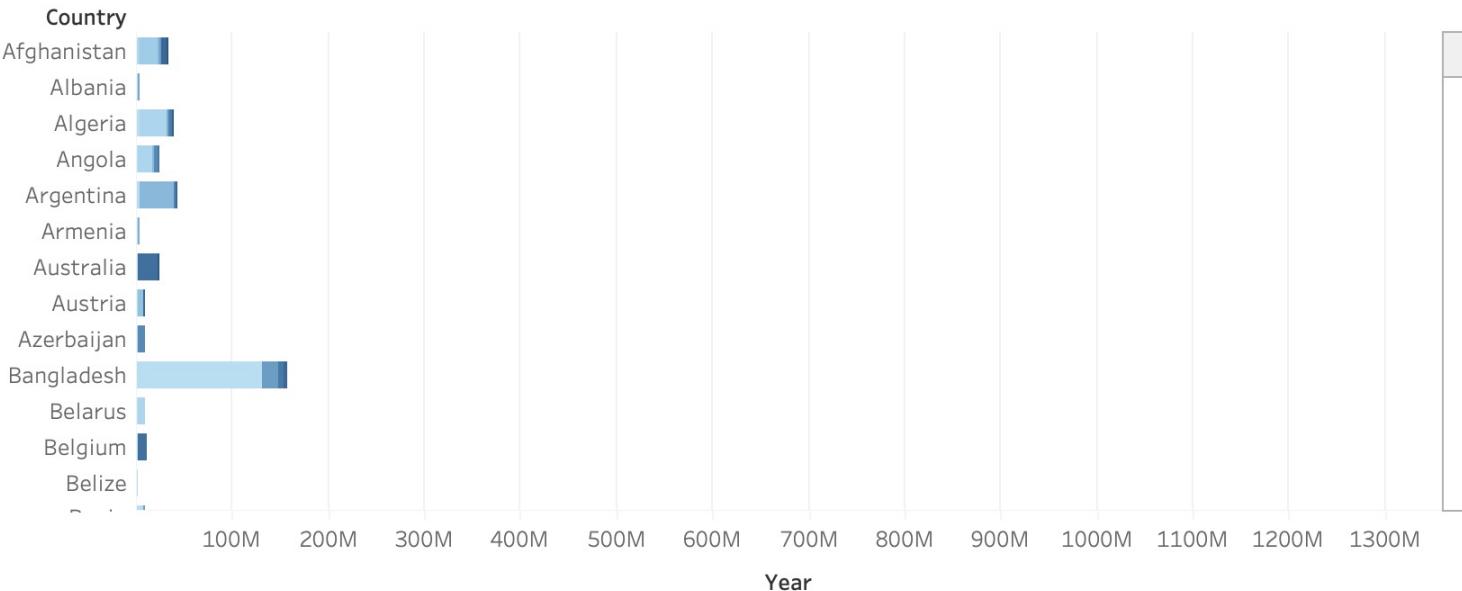

Country_UnderFiveDeaths

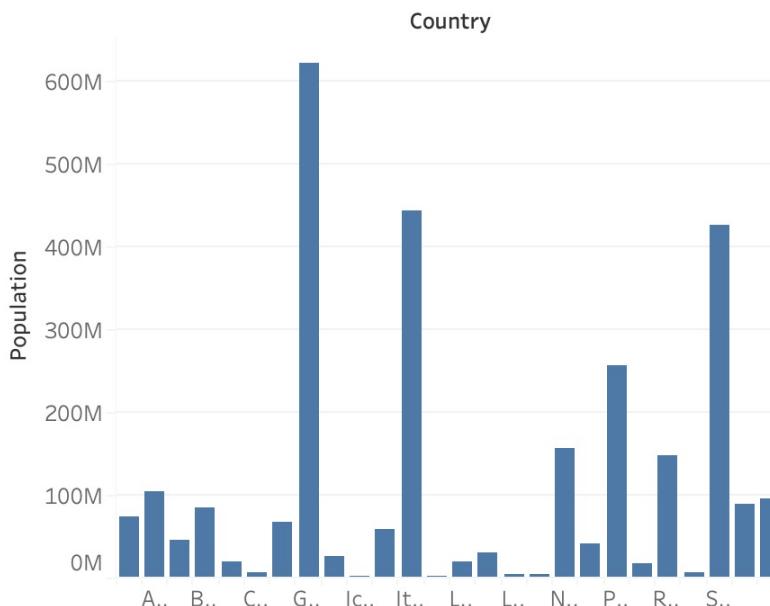

Country. Color shows average of under-five deaths. Size shows average of under-five deaths. The marks are labeled by Country. The data is filtered on sum of under-five deaths, which ranges from 0 to 29,000. The view is filtered on average of under-five deaths and Country. The average of under-five deaths filter ranges from 1 to 1,813. The Country filter keeps 193 of 193 members.
